# Who We Are

Skilling and innovation  
division of Batoi

Focused on preparing  
students, professionals, and  
startups for digital careers

Programs aligned with the  
**Batoi Cloud Platform** and  
real-world industry practices

Offering **courses,**  
**hackathons, internships,**  
**and startup assistance**

## Our Mission

To bridge the gap between learning and application by enabling participants to:

Gain future-ready skills in **Cloud, DevSecOps, AI, Quantum, and Digital Sustainability**.

Showcase innovation through **hackathons**.

Transition smoothly into careers via **internships**.

Build and scale ventures with **LaunchPad support**.

## Core Offerings

Program	Description	Audience
<b>Self-Paced Courses</b>	Flexible online modules (free + paid) in cloud, DevSecOps, AI governance, sustainability, quantum, and risk assessment	Students, professionals
<b>Partner-Led Training</b>	Instructor-led or institutional programs with co-branded certifications	Academic bodies, enterprises
<b>Hackathons</b>	Innovation events solving real-world challenges with Batoi tools	Students, startups, developers
<b>Internships</b>	Structured projects and mentorship with Batoi teams	Students, graduates
<b>LaunchPad</b>	Startup assistance with credits, mentoring, and tech support	Founders, early-stage startups

# Learning Tracks

## Cloud Computing

Foundations, adoption, and deployment models

## DevSecOps

Secure pipelines, automation, and toolchains

## AI Governance

Responsible AI, risk, and explainability

## Digital Sustainability

ESG-linked IT and sustainable DevOps

## Quantum Computing

Algorithms and industry applications

## Risk Assessment with Batoi Insight

Practical risk quantification and reporting

# Delivery Models

## Self-Paced

- Learn online at your own pace with assessments and certificates.

## Partner-Led

- Instructor-led, corporate, or institutional programs

## Co-Branded

- Joint certifications with academic, industry, or government partners

# Partnership Program

We collaborate with:

- **Academic Institutions** - Integrate courses, host hackathons, and enable internships
- **Industry Partners** - Upskill workforce, co-develop training, recruit talent
- **Ecosystem Bodies** - Run public skilling initiatives and civic hackathons

Partner Benefits:

- Co-branded programs
- Access to the Batoi Cloud Platform
- Internship and recruitment pipelines
- Visibility via Batoi Academy's network

Hundreds of learners upskilled through Academy programs.

Hackathons resulting in deployable prototypes.

Internships leading to employment opportunities.

LaunchPad enabling startups with credits and mentorship.

Universities integrating Batoi Academy content into curricula.

## Highlights and Impact

# Why Batoi Academy
