

Educational and Institutional Partnership (EIP)

www.batoi.com/partners/eip

Batoi - A Software Development Automation Company

A leading technology company specializing in cloud computing, software development, and consulting services.

Mission

Empower businesses and individuals to innovate and succeed in the digital age through cutting-edge technology solutions.

Batoi Rapid Application Development (RAD) Platform

A user-friendly platform designed to accelerate application development with minimum coding, allowing non-developers and developers alike to create custom solutions.

Why Become an Educational and Institutional Partner?

Students get trained in contemporary digital technologies and receive faster placement possibility compared to untrained students. Institution can show better average salary packages in the placement process, and more recruiters will be attracted for campus placement.

Content on
Cutting-edge Tech
