Batoi Announces Launch of the Innovative Batoi Academy Platform

Newark, Delaware — Batoi Systems Inc., a leading provider of software development solutions, is excited to announce the launch of its new Batoi Academy Platform. This state-of-the-art learning platform is designed to conduct educational programs, including courses, hackathons, workshops, and internships, focusing on cutting-edge digital technologies and software development using the RAD (Rapid Application Development) framework and platform.

The Batoi Academy Platform is tailored to meet the diverse learning preferences and needs of students by providing flexible scheduling options for online, in-person, and hybrid program delivery. Its state-of-the-art Learning Management System (LMS) streamlines content delivery, evaluation, collaboration, and automation, ensuring an efficient and engaging learning process.

Key features of the Batoi Academy Platform include:

- Exclusive content on cutting-edge digital technologies and software development using RAD framework and platform, along with cybersecurity best practices, helping learners stay up-to-date with the latest trends and advancements in the industry.
- Comprehensive testing capabilities enable educators to run tests with multiple-choice questions, assignments, and project work, providing a well-rounded approach to assessment.
- Custom ranking parameters are designed to foster healthy competition and motivation among learners, driving success in hackathons, internships, and other competitive programs.
- Access to Batoi Coordinators and industry experts, offering invaluable guidance and support throughout the learning journey.

With the Batoi Academy Platform, institutions, educators, and students alike can benefit from a cutting-edge educational experience that prepares them for success in the rapidly evolving fields of software development and digital technologies. To learn more about the Batoi Academy Platform and explore the [Educational and Institutional Partnership \(EIP\)](#) program, visit the [Batoi Academy Home Page](#).
