

# Batoi Announces the Launch of Batoi Insight - An Advanced Data Analysis and Survey Management Platform

**Bhubaneswar, India – February 11, 2024** — Batoi, a leading software development automation company, is delighted to announce the launch of [Batoi Insight](#) - its advanced data analysis and survey management platform. This platform is designed to conduct surveys and gather real-time data that are crucial for collecting feedback, understanding market trends, and making informed decisions. It replaces all the previous survey and data analytics applications at Batoi.

Batoi Insight is tailored to meet the diverse preferences and needs of businesses, academic institutions, healthcare organizations, government agencies, and nonprofits. It empowers them to make data-driven decisions with ease and confidence.

## Key Features of Batoi Insight

- **Survey Design:** Intuitive drag-and-drop interface, customizable templates, and question types with the facility to collaborate with your team in real time.
- **Data Collection:** Distribute surveys across multiple channels - email, social media, and web links. Support for anonymous and authenticated responses ensures you reach a broad audience.
- **Data Analysis:** Visualize data in real-time with interactive dashboards, perform advanced analytics, and generate customizable reports in various formats.
- **Modeling and Trends:** Leverage pre-built models, create custom models, analyze trends, and forecast future outcomes.
- **Reporting and Insights:** Automate report generation and scheduling. Customize reports to suit your needs.
- **Respondents Management:** Segment respondents based on various criteria and manage communication and follow-ups effectively.
