Case Study

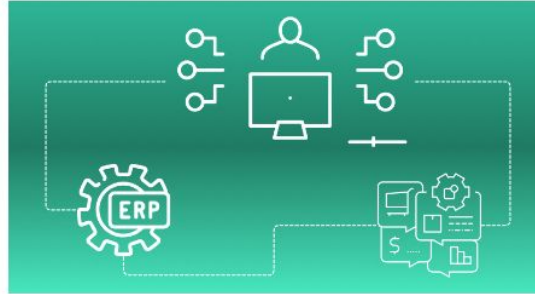

The screenshot displays the Batoi RAD interface for a document review project. At the top, a message states: "The following is the list of Documents in Project **Test Review Project 1**." Below this, there are three buttons: "Upload Documents", "Assign Documents", and "Mark All Reviewers to All Documents". A table lists documents with columns for "Document with Path", "Annotations", and "Status". The table contains three rows of documents, each with a path starting with "Paper to B2Cube Analyt...". The first row has 0 annotations and an "Active" status. The second row has 0 annotations and a "Pending" status. The third row has 0 annotations and a "Pending" status. A sidebar on the left shows a list of documents with a total of 9 documents and 1 active document.

Document with Path	Annotations	Status
Paper to B2Cube Analyt... 15.03.2023.pdf	0	Active
Paper to B2Cube Analyt... 15.03.2023.pdf	0	Pending
Paper to B2Cube Analyt... 15.03.2023.pdf	0	Pending

Batoi RAD Enables Streamlined Document Review for Collaborative Projects
